INSTANTBLEND™
CALLING INTO QUESTION THE NEED FOR
COWS WHEN IT COMES TO COFFEE.

INSTANTBLEND™ is the perfect companion for coffee. Our unique formula gives this liquid non-dairy creamer a rich, top-quality taste and texture that enhances the flavor of coffee and also gives it the beautiful golden color people crave. With INSTANTBLEND™ however, you can use about half as much as you would milk and still get the color results you're looking for. (It is ideal as a milk replacement when cooking, too.) INSTANTBLEND™ has a longer shelf life than milk, half & half or light cream. It is also available in portion control cups for carry out, room service, or for placing directly on the table. Ordering INSTANTWHIP® INSTANTBLEND™ from your local Route Sales Team, online or with a phone call couldn't be easier.
